NISSAN CERTIFIED COLLISION PROGRAM

**For questions on the Nissan Certified Collision Program promotion,
contact your local TECH-MATE representative at 1.800.662.2001.**

Pricing effective Nov. 1 – Dec. 31, 2015. Pricing subject to change without notice. All sales F.O.B. shipping point.

Promotion #NI15-104B

The importance of utilizing the right tools and equipment to repair vehicles today is crucial to collision shops. Nissan has partnered with **TECH-MATE** to develop a promotion to assist collision shops in acquiring essential equipment. Ensure your shop has the right equipment, training and facilities to perform a quality and safe collision repair while representing the Nissan brand. By becoming a Nissan Certified Collision member, your shop will be added to the referral shop locator at: collision.nissanusa.com. Your shop will be considered a validated collision shop for Nissan owner consideration and one of the select collision repair facilities Nissan recommends.

TECH-MATE can provide your service center with a support team to determine your collision equipment needs. **TECH-MATE** has an industry-leading field sales organization and customer service center to provide assistance on product selection, application, service and support for a "One-Stop Shop!"

Promotion Period: November 1, 2015 to April 30, 2016

Eligibility: Dealer-owned and independent collision repair shops.

Restrictions: Equipment **MUST** be purchased through TECH-MATE to qualify. Special pricing applies to select equipment.

Certified Bonus Cash: To qualify for Certified Bonus Cash, Collision shops must be certified with the Nissan Certified Collision Repair Network by April 30, 2016.

- Certified Bonus Cash is paid out in \$50,000 incremental tiers and applies to the total amount of all items purchased by a shop for the duration of the promotion.
- Rebate tiers are as follows:
 - Tier 1:** 10% back on the first \$50,000 spent (\$0-\$50,000), \$5,000 maximum rebate.
 - Tier 2:** 12% back on second \$50,000 spent (\$50,001-\$100,000), \$6,000 max. rebate.
 - Tier 3:** 15% back on third \$50,000 spent (\$100,001-\$150,000), \$7,500 max. rebate.

****Dollars spent in excess of \$150,000 do not qualify for rebate.****

Below is an example payout grid on an order of **\$160,000**:

Tier Group	Rebate%	Rebate \$
1st Tier (\$0 - \$50,000)	10%	\$5,000.00
2nd Tier (\$50,001 - \$100,000)	12%	\$6,000.00
3rd Tier (\$100,001 - \$150,000)	15%	\$7,500.00
Total Rebate Earned		\$18,500.00

*Note: Dollars \$150,001-\$160,000 earn 0% rebate. Maximum Nissan Bonus Cash payout to an individual shop is \$18,500.

Payment & Delivery: TECH-MATE will fulfill all products ordered. Certified Bonus Cash earned will be paid to shops in May 2016 on qualifying equipment purchases.

- Dealer shops to be paid via NVA.
- Independent shops to be paid via check.
- W-9 forms may need to be completed prior to release of funds. Shops will be contacted as needed.

For more information on the Nissan Certified Collision Repair Network, contact Assured Performance by phone at 1.949.221.0010 or visit the website: GetNissanCertified.com

ALIGNMENT SYSTEMS AND LIFTS

HawkEye Elite® Alignment Systems

Hunter's HawkEye Elite® systems elevate alignment service to a new level of productivity.

Patented QuickGrip™ adaptors and three-dimensional targets work with high-resolution camera sensors and the most powerful alignment software in the industry to help shops take full advantage of one of the most profitable auto services.

Features:

- An extensive vehicle information database and vehicle-specific adjustment simplify alignment procedures for fast, accurate and efficient service.
- Four high-resolution cameras capture measurements and provide instant adjustment updates on-screen.
- 3D modeling of wheel position provides the most accurate alignment measurements.
- Exclusive QuickComp® compensates all four wheels and captures initial measurements in one roll-forward motion.
- Detailed color printouts help explain needed repairs and document completed work.
- Fully Integrated Alignment (FIA) minimizes steps and streamlines the alignment process by automating manual tasks and simplifying procedures.
- Award-winning CodeLink® steering system reset device and VIN bar code scanner come standard.
- Choose from a variety of consoles and sensor configurations to fit your shop space.

Fully Integrated Alignment Lift Options

RX Scissor Lift

Hunter RX Scissor Lifts require minimum bay space, provide clear access to the vehicle and jacks, and offer many optional features to improve productivity.

Features:

- Space-saving design.
- Available in 10,000-, 12,000- and 16,000-lb. capacities.
- FIA equipped on select models.
- Optional PowerSlide® auto-locking turnplates and slipplates.
- Optional Inflation Station integrated tire inflation.
- Optional AlignLights under-vehicle lighting system.

Additional Savings May be Available Through Nissan Certified Bonus Cash - See Page 1 for Details

WHEEL BALANCERS AND TIRE CHANGERS

Road Force Touch® Balancer – Superior Wheel Service at Your Fingertips

1-RFT31NIS

Road Force Touch Includes Wheel Lift, Printer and AutoClamp

\$16,175.00

Dealer Price \$16,748.00

The Road Force Touch provides complete wheel diagnostics as fast as a traditional balancer and features a touchscreen interface to simplify operation.

Features:

- Road Force® roller mimics how a wheel performs under the load of a vehicle to find and solve hidden causes of vibration and vehicle pull.
- ForceMatching® locates the stiffest area of a tire and the lowest spot on a rim to be marked and match-mounted to cancel radial-force vibration.
- StraightTrak® measures pull forces in tires and recommends wheel placement to cancel vehicle drift. Now measures individual tire pulls!
- SmartWeight® improves overall balancing results, saves over 30% on wheel weight costs and boosts productivity through more efficient weight application.
- eCal™ auto-calibration provides true “self-calibration” without any input from the operator.
- CenteringCheck® verifies proper wheel centering to eliminate setup errors and ensure an accurate balance.
- BullsEye® 10-piece collet set with convenient storage comes standard.
- Laser-guided weight placement speeds service with a standard BDC laser and an optional HammerHead TDC laser.
- Non-wheel lift and AutoClamp options available.

HUNTER
Engineering Company

Hunter Has the Perfect Tire Changer to Fit Your Service Profile

Revolution™ Tire Changer

Hunter's new Revolution™ is a fully-automatic tire changer that simplifies tire changing for all assemblies. Simply load the tire, set the dimensions and watch it work!

Features:

- Full-automatic operation eliminates requirement for skilled operator and reduces the experience gap within tire-changing teams.
- Intuitive touchscreen interface indicates operator's current step and monitors progress throughout the procedure.
- Powerful press arms adjust automatically when diameter is set.
- Leverless tool head's demounting hook automatically deploys, catching and lifting the bead with ease.
- First electric tire changer listed to UL201 Garage Equipment Standard.

1-TCR1

1-TCR1

\$28,110.00

Dealer Price \$29,106.00

TCX53 Tire Changer

The new Hunter TCX53 Professional tire changer is 15% heavier than competing models and features class-leading rigidity to handle today's tough tires.

Features:

- Easy-to-use adjustable tabletop provides a 10- to 26-inch clamping range.
- All tabletop jaws adjust simultaneously for mistake-free clamping.
- Hi-grip jaw covers add mounting torque and protect wheels.
- Patented bead press system eases clamping, lubricating, demounting and tough wheel and tire combinations
- Available with a unique 110V or 220V motor that is faster than popular alternatives and doesn't slow down under load like air motors.
- Available with leverless mount head and/or wheel lift.

1-TCX53E

1-TCX53E

\$7,350.00
